**Name of Students involved:** 94 students from B. Sc.

**Name of Organizer:** Department of Physics and Science Association

**Chief Guest of the Function :** Prin. Dr. M. Y. Cholekar –Bachulkar

#### **Short Description of Activity Conducted:**

The college has established science association to promote the scientific attitude among the students and improve the practical skills in them. Every year science association organizes various programs such as lectures of renowned persons and scientist, competitions etc.

In this academic year science association decided to organizes a Poster competition for B. Sc.III students on the topic ‘science in daily life’. As per plan science association organized an Intra College Poster Presentation Competition for B.Sc. III students. Subject for poster given to the students was as per their principal subject at B. Sc. III. E.g. for Physics student subject was ‘Physics in daily life’. Students was suggested to make their poster on plane card sheet paper showing use of scientific facts related to their principal subject in daily life.

Accordingly there were 94 posters are taken part in competition. Competition was held in two steps. In first, departmental level competition was organized and 03 winners from each department were selected. Second level competition was organized on same day among the 21 winners for 07 departments from

departmental level competition. Three winners from final competition were felicitated with a Memento and cash prize. A participation certificate was given to all student participants.

Three winners from final level competition are

- 1<sup>st</sup> - Momin Ruffiya Z.
- 2<sup>nd</sup> - Power Sanket C and Kore Manjusa
- 3<sup>rd</sup> - Gurav Anuja

For this competition all science faculty members were worked as examiners.
