Target Group: Students of B. Sc. II and B. Sc. III

Number of Students Involved: 125

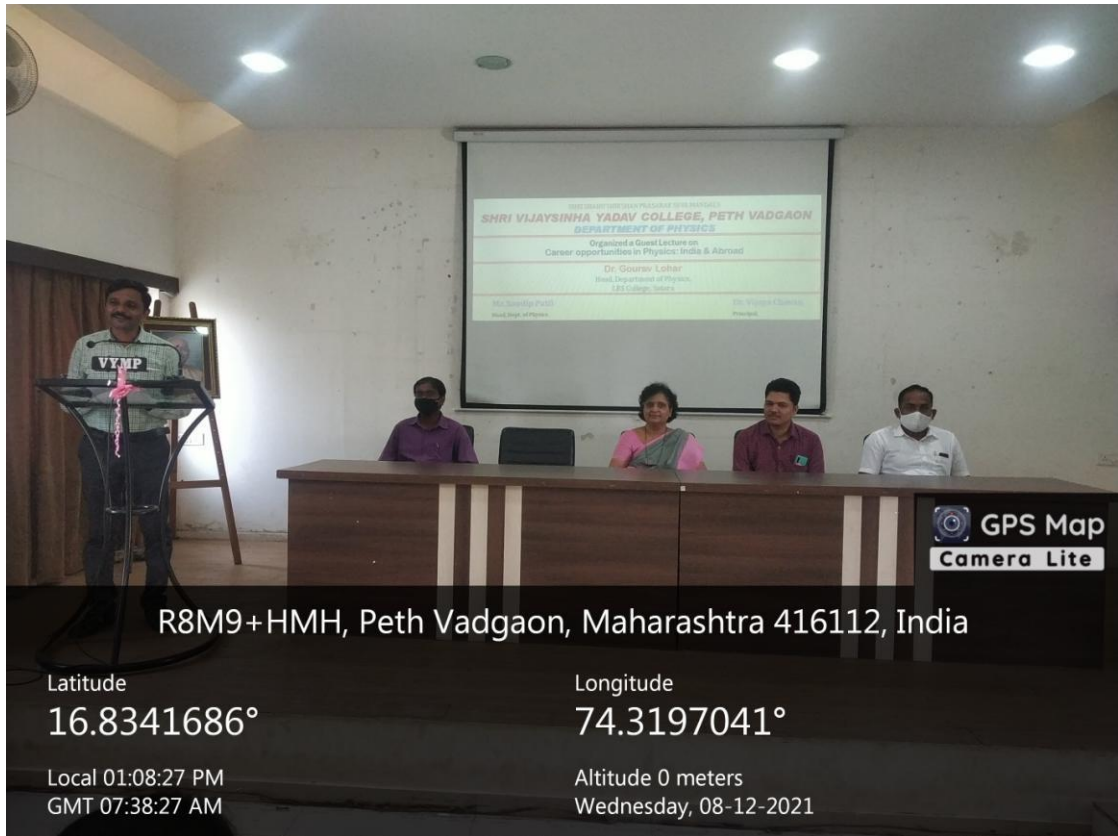

Name of Organizer: Department of Physics,
Shri Vijaysinha Yadav College,
Pethvadgaon

Chief Guest of the Function: Dr. Gaurav Lohar
Head, Department of Physics,
LBS College, Satara

Short Description of Activity Conducted:

As education systems are diversifying and expanding, the creation of new jobs and opportunities are changing the way individuals make their career choices. With such changes in place, career planning has become more complex and confusing. Where formal sources of career-related guidance are not easily accessible, individuals tend to rely on their family and friends, leading to choices where they end up in careers, they do not see a successful future in.

Therefore department of Physics every year organizes a lecture on career opportunities in physics for students of B. Sc. II and III. This year department organized a lecture of Dr. Gaurav Lohar who aware students about research opportunities in material sciences in India and also in abroad. They also inspire the students to take part in the research activities.
