Prof. Pai very nicely explained the Antarctica continent and its climatic conditions through power point presentation. He also elaborated the kind of research taking place at the 'Maitry' - a centre of Indian government at Antarctica. He showed various pictures taken at the time of his expedition to all participants. Total 227 live participants from all over the India took the advantage of the webinar.

The webinar was made live available to the Science faculty students of our college in the seminar hall on LCD projector. About 92 students of B. Sc. I and III took advantage of this live show.

Date of Report – 01-03-2021
