Short Description of activity conducted:

Educational institution and its development depend on the coordination between different factors like students, teachers, parents, alumni and management. They need to correlate with each other in order to develop the institute in such changing scenario. In the new phase of the globalization educational institutions need to change for overall development of students. In our college also, we have established Alumni association for development of students and institution in order to meet the

upcoming challenges. This committee strengthens relations between alumni of college parents, teachers and students. We have maintained record of all third year students as per department with their photograph and all details of them in order to contact them in future. We have organized meetings of all committee members throughout year for planning and execution of committee programme
