Department of Botany

Continuous Internal Evaluation- 2016-17

The Department of Botany is always involved in assessing the students by conducting different modes of examinations. The students of **B. Sc. part-I** are evaluated by various methods. The main objective of this internal evaluation is to check student's knowledge and improve them accordingly. By assessing their methods of answering, they are guided for their mistakes and quarries.

In the academic year 2016-17, the students are assessed by conducting **02 Home Assignment and 01 Unit-test for each paper**. The tests were conducted in the classrooms where as the home assignments were given to solving and writing at home. Home assignment is similar to an open book test. The tests and home assignments were checked by respective teachers the student's counseling drive was run to guide the students for their mistakes as well as to improve their writing. These internal evaluation methods improved the students writing skills and they got benefited in the University examinations.

The Department of Botany is always involved in assessing the students by conducting different modes of examinations. The students of **B. Sc. part-III** are evaluated by various methods. The main objective of this internal evaluation is to check student's knowledge and improve them accordingly. By assessing their methods of answering, they are guided for their mistakes and quarries.

In the academic year 2019-20, the students are assessed by conducting **02 Home Assignment and 01 Unit-test for each paper**. The tests were conducted in the classrooms where as the home assignments were given to solving and writing at home. Home assignment is similar to an open book test. The tests and home assignments were checked by respective teachers the student's counseling drive was run to guide the students for their mistakes as well as to improve their writing. These internal evaluation methods improved the students writing skills and they got benefited in the University examinations.
