**Short Description of activity conducted:**

The Department of Botany, Shri Vijaysinha Yadav College Peth Vadgaon organized study tour at Mahalakshmi Temple and Mahalakshmi lake, Peth Vadgaon on 16/03/2024. Study tour was coordinated by Dr. S. V. Maske and Mr. D. M. Randhaye. 42 students of BSc-I have participated in this visit. We visited the Mahalakshmi temple and Lake at 8 am. Mahalakshmi Lake is a manmade reservoir situated at south side of Vadgaon village. It was constructed in 1882 by late Shri. Chhatrapati Shahu Maharaja of Kolhapur Empire. The lake was mainly constructed to provide drinking water and irrigation facilities for Peth Vadgaon population. The specimens from the diverse plant groups were observed, collected, identified, classified and preserved. The lake is surrounded by Eucalyptus plantation planted by the forest department and different plant species. The specimens from the diverse plant groups were studied with respect to observation, identification and classification.

## Study tour Report

Every year, the department of Botany organizes study tours for B.Sc. II students. The purpose of this tour is to provide students with an experience outside the classroom or lab. If the classroom teaching is followed by a field trip, it helps in clearing the concept and results in more effective learning.

### ❖ Objective

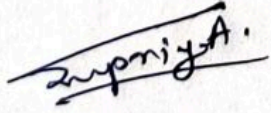

- To provide students with hands-on experience of field exploration.
- Expand their knowledge of plant diversity.
- Promote awareness and significance of plant diversity and its conservation.
- Development of Research temper.

### ❖ Description

In this academic year, the Department of Botany organized a study tour at Ratnagiri and Malvan on 24 & 25-01-2024. A total number of 30 students from B.Sc. II, along with four teachers, participated in the tour. First, we visited Amba ghat where students had opportunity to observe a wide range of plants in their natural habitat. In Ratnagiri, we visited Regional Coconut Research Center, Bhatey, Ratnagiri. Dr. A. K. Kale guided our students about multi-storied coconut-based cropping system and 'Lakhi baug' concept and it's role in doubling farmer income in Kokan region. On 25-01-2024 we visited Malvan sea shore to study marine habitat. All the students observed various marine algae as well as mangrove associates along the sandy sea-shore. We also visited Sindhudurg fort and Tarkarli beach.

### ❖ Outcomes:

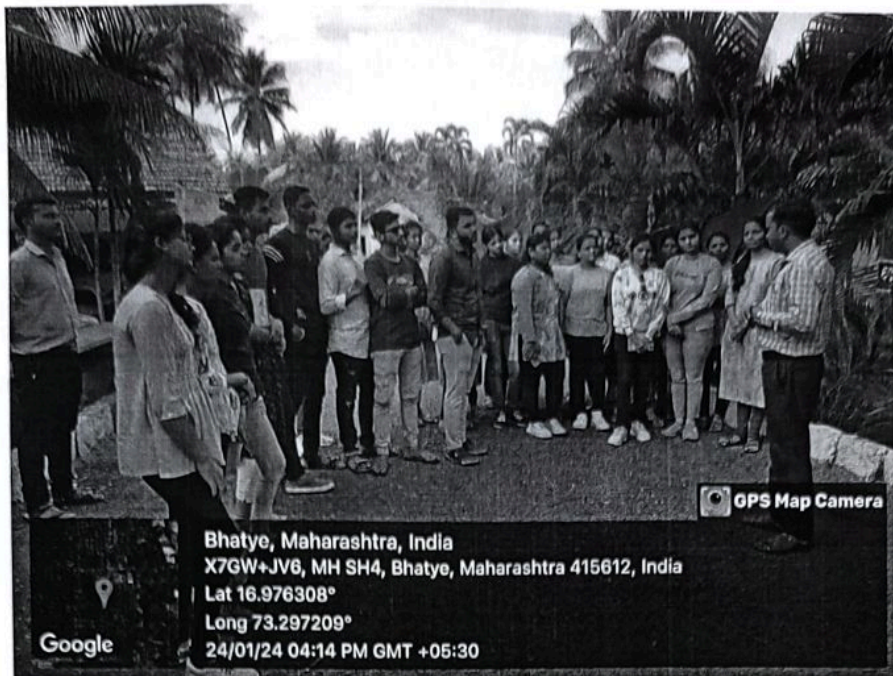

- Students gained a deeper understanding of plant diversity through direct observation in their natural habitat.
- Students got thorough knowledge of multi-storied coconut-based cropping system and 'Lakhi baug' concept at Regional Coconut Research Center, Bhatey, Ratnagiri.

### Short Description of Invited talk:

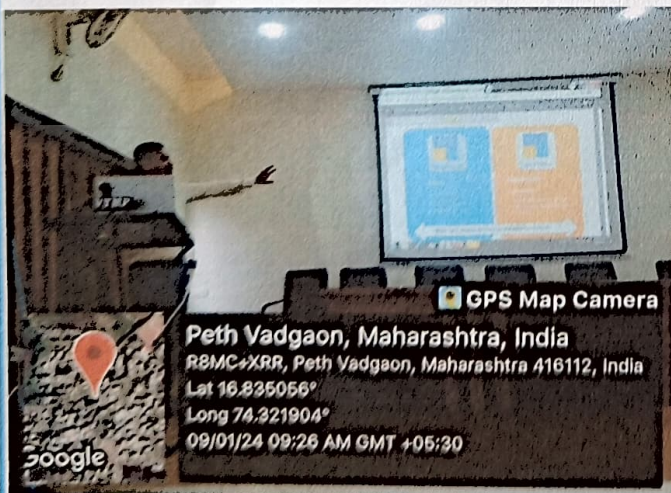

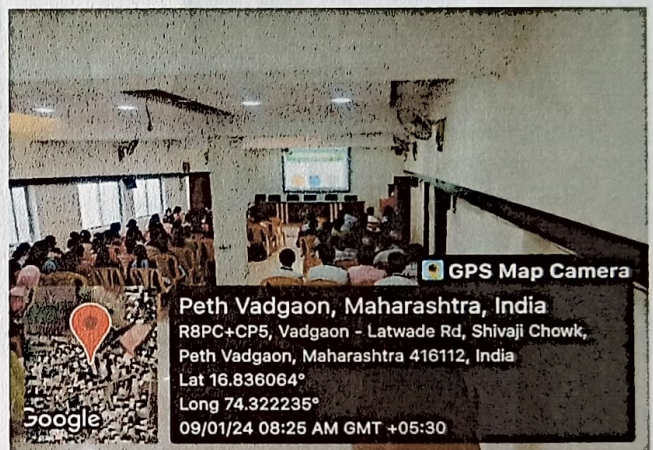

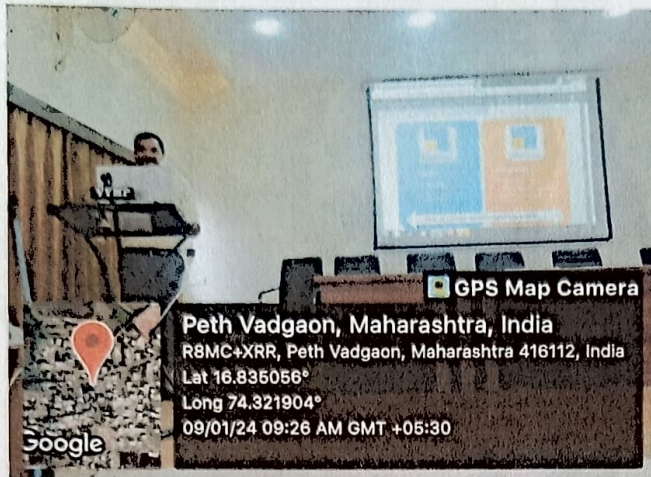

The Internal Quality assurance cell and Commerce stream has organized invited talk on "Tally with GST" of Vishwas Khade sir of R.I. T. Computer Centre Peth Vadgaon. The Invited talk was very much useful to the student because sir has explained students about the new tax system of Goods and Services tax with tally technology of computer because it will be helpful to students to get the career opportunities in the near future. Students were unaware about such chances for them for career. In the beginning the IQAC coordinator has given the preface of the programme and he has introduced the guest as well. The president of the programme Dr. Ashok Chavan sir has given the presidential speech. Miss Ashwini Deshmukh has expressed vote of thanks. Coordinator of the commerce Dr. Ashok Jadhav was present for the programme. Dr. Ramesh Karande, Mr. Sunil Mane, Miss Aishwarya Patil, Miss Madhavi Koli was present for the programme.

**Outcome of the activity:** This invited talk is helpful for the students to develop knowledge regarding some career oriented opportunities in the future for the commerce stream. It also helps to bridge the gap between the commerce stream and computer knowledge to make available the career chances for the commerce students.

---

The department of computer science organized a Sketch and Rangoli Competition on September 27, 2023, at 10:00 a.m.

There are a total of 50 students participating in the Sketch and Rangoli Competition. There are 30 students for the Rangoli competition and 20 students for the sketch.

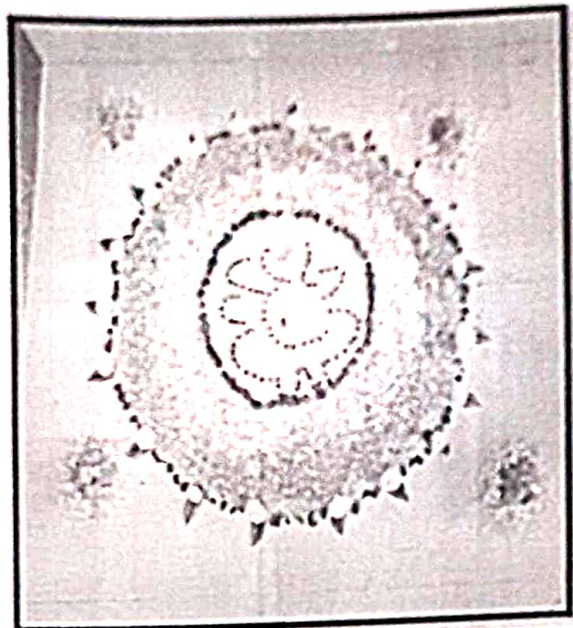

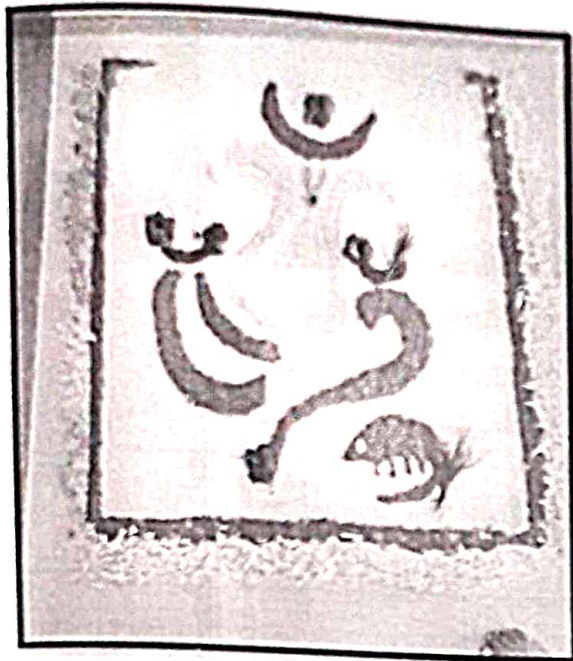

The Rangoli and Pencil Sketch competitions were held for the students of B.Sc., B.A., and B.Com. respectively. In the Rangoli competition, they used eco-friendly materials such as grains, diyas, flowers, and colored sawdust, keeping both the art form and the tradition alive. The students participated with great vigor and enthusiasm.

Organizing Rangoli competition events **helps students remain in close touch with their culture**. The purpose of rangoli goes beyond decoration. It can display one's ideas, imagination, creativity, and innovation with the help of colors. The goal of pencil sketch completion was to foster creativity in students. It was a successful event, and students were very happy and enjoyed drawing.

**Short Description of activity conducted:**

The Department of Geography and Vijay Nature Club jointly organized 'World Soil Day' (one day field visit) on 9<sup>th</sup> January, 2024 with observation and inviting experts from soil and agriculture areas i.e. Prof. (Dr.) B. S. Jadhav, Prof. (Dr.) M. A. Patil, Shri Sudhir Solankure, Shri Sandip Desai and Shri Ranjitsinh Bhosale. The field visit started from right bank of Warana river (Bhendavade) – Minche – Kapurwadi – Tasgaon (Shidhoba Hill).

During the field visit, experts are trying to pay the attention of students on soil formation, soil types and cultivated crops. Resource Persons were shared their views on soil formation

process, cropping pattern, soil degradation with its measures. The role of vegetation in soil formation as well as in a sustainable environment. Shri Sudhir Solankure focused on quality of soil for better agricultural production and to maintain the soil quality in present era there is need of soil health through soil testing (chemical analysis of soil). Shri Sandip Desai delivered his view on methods of collection of soil sampling. The Shri Ranjitsinh Bhosale share his agricultural experience for better production.

After the intellectual sessions the students are keenly observe the physical properties of soils in the respect of texture, structure, color, thickness etc. from Warana river to Shidhoba hills. How vegetations are changing according to elevation as well as on the slope of hills have vegetation on particular height.

**PO's and PSO's covered:**

**PO's:**

- 1) To understand the process of soil formation.
- 2) To understand soil health or soil fertility through observation and its technical parameters.
- 3) To understand the relation between elevation and soil thickness and how crops and vegetation changes according to elevation (Shidhoba hill slopes and top).
- 4) To understand the collection techniques of soil samples.

**PSO's:**

- 1) All the participants in the programme understood the soil formation process.
- 2) The students are aware about the detail information about soil health or soil fertility through observation and its technical parameters.

<b>Name of Activity</b>	: Social Activity
<b>Date &amp; Time of Activity conducted</b>	: 29/01/2024, 07:30 to 10.00 a.m.
<b>Target Group</b>	: B. A. II., III.
<b>Participated Number of Students</b>	: 45
<b>Name of the Organizer</b>	: Dr. N. I. Shaikh : Dr. V. N. Sahadev

On January 29, 2024, the Department of Hindi orchestrated a compelling social endeavor, taking B.A. II and III students to Oxygen Park, situated at Tasgaon Road, Peth Vadgaon, from 07:30 to 10:00 a.m. Spearheaded by Dr. N. I. Shaikh and Dr. V. N. Sahadev, the activity aimed to nurture a profound understanding of environmental conservation among participants.

The visit commenced with an insightful exploration of Oxygen Park, enabling students to witness firsthand the diverse array of plant species and their ecological significance. Guided discussions meticulously elucidated the pivotal role of green spaces in mitigating pollution and enriching urban biodiversity, deepening students' comprehension of environmental dynamics.

Emphasizing the practical dimension of environmental stewardship, students actively engaged in watering the park's plants. With ardent dedication, they watered a total of 200 plants, recognizing the critical importance of adequate hydration for plant growth and vitality. This hands-on experience not only honed students' practical skills but also instilled

within them a profound sense of responsibility towards nurturing and preserving green spaces.

The activity culminated as a transformative learning experience, seamlessly melding theoretical knowledge with practical application. Through their active participation in the maintenance of Oxygen Park, students demonstrated an unwavering commitment to sustainable practices and environmental well-being. Ultimately, the visit fostered a deeper connection to nature among participants, paving the way for a generation of conscientious stewards dedicated to preserving our planet's precious ecosystems.

Overall, the Department of Hindi's visit to Oxygen Park epitomized the spirit of experiential learning, leaving an indelible mark on participants and reaffirming the significance of environmental consciousness in today's world.

Outcome:

The visit to Oxygen Park resulted in heightened awareness of environmental conservation among B.A. II and III students. Through hands-on activities like watering 200 plants, participants gained practical insight into plant care and demonstrated a commitment to sustainable practices, fostering a deeper connection to nature.

**Student Centric Activity: Student Seminars  
(Academic year-2023-24)**

Every year department of Chemistry organizes Seminar activity for the last year students. Each student delivers one seminar per year.

**Objectives**

1. Most of the young graduates lack the confidence and fluency while interacting orally. Coming either from rural or sub-urban background, many students hold good academic record and industrial skills but lack behind while expressing themselves. This small yet major drawback often hinders the achievements of students while placements. Speaking about a researched topic in seminars and workshops before a gathered audience boosts the confidence of the students preparing them precisely for interviews and group discussions.
2. Seminars provide a chance to interact with teachers/experts from the specific field. Discussing about the relevant topics of the particular subject, students tend to learn about the latest information and new skills related to the concerned subject.
3. Talking and learning about a new topic will encourage the students to explore new areas relevant to the topic. Students will feel motivated to research and learn new things.
4. Seminar develops stage daring and self confidence in students and mental abilities.

## SEMINAR ACTIVITY REPORT: 2023-24

**Name of Activity** : Seminar Activity

**Date and Time of Activity Conducted** : Throughout Year

**Target Group** : B.Sc. III Year Chemistry Students

**Number of Students/ Participant took the advantage:** 30

**Name of Organizer** : Department of Chemistry, Shri Vijaysinha Yadav  
College, Peth Vadgaon

**Platform used** : Offline

### Short Description Of Activity Conducted:

To develop stage daring, enhance self Confidence, create ability and how to express ideas among the students, Department of chemistry, Shri Vijaysinha Yadav College, Peth Vadgaon organized seminar activity of B.Sc. III (Chemistry) students in the academic year 2023-24. All students of B.Sc. III are performing the seminar on one article from the syllabus. This activity is conducted weekly in which three or more than three students taking seminar on the one article of the syllabus. The article is chosen by the students.

### PO's And PS0's covered:

To enhance stage daring, subject knowledge and explanation power in the student.

Student Centric Activity: Student Seminars  
(Academic Year-2023-24)

**Outcomes**

Department of Chemistry conducted seminar activity for B.Sc.-III students. In this academic year each student carried out one seminar on different subject. Some of the positive outcomes of this activity are as follows.

- Shy or reserved students find voice.
- Students experience diverse views on a test.
- Discussion helps to clarify students own views.
- Students gain a clearer understanding of the text.
- Students are highly motivated to research and prepare for discussion
- Group Sharing provides a more in-depth understanding of the material.
- Asking questions and forming opinions for seminar leads students to a discovery of whom they are.

## 1. Introduction:

The progress of human civilization has been indexed based on the progress in the field of material science. Material science is an extremely interdisciplinary subject involving different branches such as physics, chemistry, engineering, biology, etc. The varieties of subjects such as thermodynamics, crystallography, solid state chemistry, polymer science, biochemistry, etc can be brought under one umbrella of materials science.

New branches are still evolving with the advent of knowledge in materials science. Nanotechnology is one such example. Materials science is one of the oldest forms of engineering and applied science. Understanding the basic aspects of a variety of materials such as their structure and properties are the key issues in materials science. Based upon the fundamental understanding of structure-property relationship, new materials with enhanced performance are currently being developed. Materials can be classified according to their interaction with the surroundings.

### a) Functional Materials:

These materials perform a particular function for a specific application depending upon their crystallographic or electronic features.

*e.g.* Semiconductors, magnetic materials, Catalysis, Sensors and Photocatalysis etc.

### b) Structural Materials:

These materials are basically important because of their mechanical properties and their other features are not much relevant.

*e.g.* steel, plastic, rubber, etc.

### c) Smart materials:

This class of materials respond to their surrounding in a two way manner. They can sense the changes happening in their surrounding and send a feedback signal to take an appropriate action. These materials are also termed as intelligent materials. *e.g.* piezoelectric materials, shape memory alloys, magnetostrictive materials, magneto-rheological fluids, etc.

### 1.1 Catalysts in chemical industry

Chemical industry is crucial for the development world economy. Only in Europe chemical industry provides more than three million work positions that in 2012 alone accounted for 12% of the EU manufacturing industry's added value. With the increasing economic and

Date & time of activity conducted	: Thursday, 15/03/2024 at 11.15 am
Target Group	: B. Sc. -III
Number of student took advantage	: 25
Name of organizer	: Department of Chemistry
Name of Chief Guest	: Dr. Utkarsh U. More Department of Chemistry, Shivaji University, Kolhapur.
Platform	: Offline

### Short Description of activity conducted:

Department of Chemistry, Shri Vijaysina Yadav college, Peth vadgaon organized Guest lecture on "Chemistry of Thermodynamic" for B. Sc. -III students on Thursday, 15/03/2024 at 11.15 am. In this programme Dr. Arjun kokare welcome all the dignities and introduced resource person Dr. Utkarsh U. More Assistant Professor, Department of Chemistry, Shivaji University, Kolhapur.

Resource person Dr. Utkarsh U. More have delivered lecture on Chemistry of Thermodynamic, Free energy, Phase equilibria and thermodynamic derivation of law of mass action to B. Sc. -III students. Dr. R. A. Pawar, Head, Department of Chemistry addressed presidential speech. Mr. Sahil Mujawar expressed vote of thanks. Details of guest lecture on "Chemistry of Thermodynamic" as shown in below picture.

### Student Centric Activity: Problem Solving Method

In the world of education there are many different ways to teach and to consolidate what has been learned. In Chemistry some of the topics have numerical problems which are difficult to solve for number of students. These problems are solved by problem solving method. With the help of this method

- Make students More Enthusiastic to solve the problems.
- Build Confidence
- Prepare students for Examination
- Help students to Concentrate
- Give easy way of problem solution
- Make easy calculations
- Perfections of formula

Student Centric Activity: Problem Solving Method  
(Academic year-2023-24)  
**Outcomes**

Department of Chemistry used Problem Solving Method to solve the numerical problems and some of the outcomes of this method are as follows

- It is found that problem solving method makes easy numerical problem solution for the students.
- Students make perfect the formula.
- Students perform calculation method easy and fast.
- Students adopt easily the calculation method.
- Students get relax for problem solution.
- Students liking to solve the problem.

## Periodic Table Competition 2023-24

**Name of Activity:** Periodic Table Competition

**Date and time of activity conducted:** 18/10/23 at 1.00pm

**Target Group:** B.Sc. I

**Number of students took the advantage:** 41

**Name of Organizer:** Department of Chemistry

**Description of activity conducted:** The department of chemistry organized "Periodic Table Competition". The program was started with preface addressed by Head, Department of Chemistry Mrs. R. A. Pawar madam. Rules and regulations of Periodic Table Competition were declared by Prof. Dr. C. B. Mane sir. In competition 41 students were participated. The competition was conducted in Room No.44. The main purpose behind such competition is to enhance the knowledge as well as interest in chemistry regarding periodicity. In this competition students were draw the periodic table, labeled group and period number as well as written elements with atomic number. First three numbers were felicitated by offering prize and certificate.

### Rankers

1] **First Prize-** Ms. Sakshi Sanjay Patil

2] **Second Prize-** Ms. Rutuja Sandip Sawant

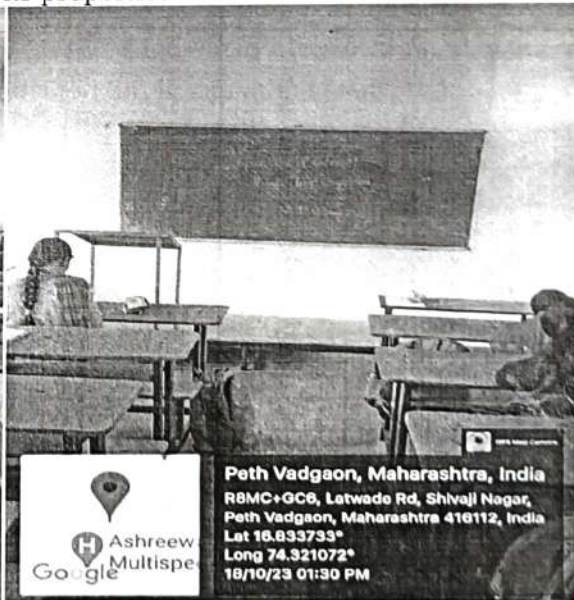

3] **Third Prize-** Ms. Sanika Jaysing Khatal

**PO's-** Students write Elements name, atomic number and periodic table.

**PSO's-** Students know the periodic table and its properties.

## Notice

Date - 16/10/2023

All the students of B.sc. I will be informed that the "Periodic Table competition" will be on 18<sup>th</sup> October 2023, Wednesday at 12.15am in the classroom. All students must attend it. There will be prize and certificate for first three rankers. Distribution of Marks is as 1] Skeleton of periodic table - 25 Marks 2] Numbering as 1A, 2A --- & 1, 2, 3 to columns and periods & Name of blocks - 25 Marks 3] Symbol and atomic number of elements - 50 Marks.

### **Short description of activity conducted:**

Every year Department of Chemistry organises a Chem.- Quiz competition for B.Sc parts I, II and III students. The Chem-Quiz intends to encourage fun learning methods that enhance general knowledge. In this academic year 2023-24 on 27<sup>th</sup> Jan 2023 Department of Chemistry organized a 'Chem-quiz competition' on Kahoot.it was in the seminar hall at 11:00 am. The Chief guest of the program was I/C principal Prof. A.H.Nikam, along with faculties of the Department of Chemistry.

The programme was conducted in the presence of I/C Principal A. H. Nikam and all faculties, The Preface was addressed by our Head of Department Dr. R. A. Pawar

A total of 50 active students participated in the Chem- Quiz competition. Five groups were made with 10 students each of B.Sc parts I, II and III. Every round's top two winners were selected for the final round. We got 10 students for the final round out of which 3 winners were awarded with cash prizes and certificates. The program was anchored by program coordinator Dr. R. A. Chavan. All the faculties of the Department of Chemistry Dr. R. A. Pawar., Dr. C.B. Mane, Dr. R.A. Chavan, Dr. A . N Kokare and Mr S.I. Mujawar were enthusiastically involved in organising the chem quiz event. The program came to an end with the vote of thanks delivered by Mr S. I. Mujawar

### **Student Centric Activity: Quiz outcome**

Department of Chemistry organized quiz using kahoot.it online software using Information Technology. Some of the outcomes of this quiz are as follows:

- Students develop the habit of creative learning. Students are placed in the right attitude for learning.
- Students feel more confident in discussing the material.
- Quizzes can enhance memory retention
- Frequent testing encourages students to study.
- Having frequent quizzes and tests motivates study and reduces procrastination
