As we all know that due to COVID-19 pandemic all the Universities, colleges, and even schools all over the world are moving rapidly to online teaching and learning to curtail the spread of COVID-19 and this exposes all these educational institutes to a greater risk of cybercrime. There are so many examples of school, colleges have fall on victim to cyber-attacks. We think cybercrime is a real issue for business, but there are several risks specific to school and colleges.

Cyber security has become a world problem today due to which not only corporate, even Smartphone users are exposed to threats. Now a day, our dependency on cyberspace is increasing exponentially with our constant adaptation of digital services, tools, and applications, and we know that the weakest link in cyber security, it's often said is human. An individual has increasingly become the target of a cyber attack

In this workshop resource person Mrs. Varsha P. Desai madam aware about the entire participant about the different cyber threats that can be happen with anyone using cyber space. Madam also suggest the settings that must be done in Google meet, Zoom meeting app, and other social networking sights to protect ourselves form cyber attack.
