INSTITUTIONAL VALUES AND BEST PRACTICES

7.2.1: Best practices successfully implemented by the Institution Response:

Best Practices:

1) ONE STUDENT ONE PLANT

2) DIGITAL LITERACY

BEST PRACTICES
1. ONE STUDENT ONE PLANT

Goals

Environmental awareness has become part of our college culture and the college conducts environmental awareness activities since the establishment. One student One plant is a global movement with an ambitious goal to fight the climate crisis by planting trees around the world and establish green Society of India to be a healthy world.

One student one plant is an initiative in line of a green and healthy environment as a helping hand to this noble initiative and for making the college students socially responsible institution carry out a plantation drive. All faculty member staff administration and management of the institution were also planting at least one tree themselves.

The context

One student one plant will educate and encourage the student about the benefits of planting trees for our planet. College student will be involved in searching a tree for the preservation of environment in an eco-friendly manner.

One student one plant is that each student should plant one tree and also nurture that tree.

Practice

At the beginning of every year, we announced the scheme of one student one plant. Under this scheme, we motivate students to donate a plant to college. Students become climate ambassadors and pass on their knowledge and encourage other students to take on social responsibility and shape their future. In academic year 2016-2017, our most of the students donated plants to the college.

The collected plants were distributed among the students. The students prepared plant by filling up organic manure and soil. Students have planted them with a variety like Mango, Guava, Jackfruit, Neem, Gulmohar, Bamboo etc. These plants have been planted in different areas from 2016 to till date.

The college has made a conscious effort to bring unutilized land under cultivation of medicinal, ornamental and conservation of local plants as well as other productive plants through NSS, faculty and college students.

Evidences of success

Department of physics has organized tree plantation programme under this practice. We planted some trees in our college campus. Department of Botany and NSS have also organized tree plantation programme at barren land at various villages in the neighborhood. Through this program, we planted trees and made a promise that we will take care of every tree we have planted.

Future plan

On the occasion of World Environment Day, college will distribute various plants free of cost to the students and society. It will be useful to educate and encourage the people about environment protection through plantation.

We have to aware the younger generation to plant more and more trees. With this in mind, we have advised students about the benefits of planting trees.

BEST PRACTICES
2. Digital Literacy

Goals

Digital literacy is the most important lifelong learning tool. With the increased importance of technology in society, digital literacy is gaining recognition as the most valuable tool for lifelong learning.

The influence of technology on education is the main reason to adopt the best digital literacy practice in our institutions.

Digital literacy is one component of being a digital citizen. Institute tries to educate our staff, students and also the rural community to become digital citizen. Digital technology allows people to interact and communicate with family and society on a regular basis.

Context

Digital literacy is the set of competencies required for full participation in a knowledge society.

It includes Knowledge, skills and behaviors involving the effective use of digital devices such as smart phones, tablets, laptops and desktop PC etc. for the purpose of communication, expression and collaboration.

Digital literacy is the first step towards paperless work which encourages the environment friendly behavior of students.

Practice

At the beginning of the year 2016-17, we conducted Poster Presentation in 'Scope of IT' for the students. Total 51 students are participated in this competition in three different themes such as a Scope of IT, Wireless Technology & Latest Technology. The competition was cordially organized by Research cell and Department of Computer Science.

In the year 2017-18, event and workshop for the students as well as teachers which covered the complete information about digital technology were organized.

The department of computer science organized a 'MORAYA EVENT' on 30th Aug. 2017. A MORAY EVENT was a gaming competition. Two types of competition were there. This was GAME OF RACING in the morning sections for students and SPEED OF TYPING the competition for students as well as teaching and non-teaching staff was conducted.

The workshop emphasized to aware the students about basic knowledge of computer and internet to connect them with the flow of the world. This workshop is designed to orientate students towards the world of work.

In the year of 2018-19, 'MORYA EVENT' was a Poster presentation, Quiz, Coding Master. There are total 200 students were participating. These events were literate to students, teaching staff, and non-teaching staff about digital knowledge.

In this year also conducted or specially organized for the women of rural area (housewives). These women were given information related to digital technology. They were also trained for how to use smart phones.

In fourth session students must be familiar with their college so all students must be access online videos, course materials, assignments. That's why we are used Google classroom for interacting with students for multipurpose as above. Similarly students don't be interacting with professor in face-to-face format. So the use of chat room is for discussing, reading, sharing opinions & seeking answers from others.

In the year of 2019-20, 'A MORYA EVENT was a PPT presentation, Go google, Coding Master. There are total 180 students were participating from various colleges such as DKASC Ichalkaranji, Dr. B. A College Peth Vadgaon, Ashokrao Mane Polytechnic, Hon. ADC Hatkanangale etc. In PPT presentation

competition 15 students, Coding Master competition and 140 and Go-google competition 25 students were participating.

In this year we also conducted on 05th Feb. 2020 to increase the knowledge of e-content of teachers the orientation programme was organized. Total 51 teachers are participated in this workshop. In this workshop different contents were conducted such as Gmail, Google Classroom, Google Form, and Google Blogger. The aim of orientation Programme workshop was not only to guide teachers on E-content uses but also helps become self- aware about their Knowledge of digital field.

Academic year 2019-2020, Department of Computer Science organized online college level Ms. Office Quiz dated on 7th April 2020. This MS Office online Quiz will be helpful for competitive exams for Bank PO, Clerk, SBI bank exams and SSC Exams and interviews. MS office questions and answers will improve your computer knowledge.

Department of Computer Science and Internal Quality Assurance Cell organized by online National Level quiz on COVID-19 Awareness dated on 18 March 2020. This Quiz aims at preventing the spread of the disease and saving the precious life of people. As you complete the Quiz and gives 60 % correct Answers, the E-certificate of Completion will be mailed at your registered email address. Every day first 100 participants will get the e- certificates.

In the academic year 2020-2021, Department of Computer Science organized seminar activity of online mode due to COVID-19 for B.Sc. III students under the valuable guidance of HoD Miss. S. M. Mohite. The seminars were supervised by Miss. P. S. Patil. Students nicely presented their topics on Google meet platform with power point presentations.

In the academic 2020-2021, Department of Computer Science organized online college level Yoga awareness Quiz dated on 21 June 2020 .The aim of this Quiz to help students stay fit and adopt a sustainable and active lifestyle at a young age. As you complete the Quiz and gives 60 % correct Answers, the e-

Certificate of Completion will be mailed at your registered email address. Every day first 100 participants will get the e- certificates.

On the occasion of Marathi Bhasha Din Dept of C.S. presented Importance of the day through PPT. A group of ten students created video showing objectives and importance of a Matrubhasha Divas'. Paper documents of PPT and video of this function is attached.

Students must be familiar with their college so all students must be access online videos, course materials, assignments. That's why we are used Google classroom for interacting with students for multipurpose as above. Similarly students don't be interacting with professor in face-to-face format. So the use of chat room is crucial for discussing, reading, sharing opinions & seeking answers from others.

Evidence of Success

Students got complete information about computers. As a result many students started using computers for their study (e.g. Deliver seminar etc). The teachers also used to communicate with the students and to circulate notes among them. All the students have been created their email Id.
We have taken the feedbacks from the women's which we have trained with the use of smart phones that, they can be use smart phones better than the past for their daily work (banking, Paytm, WhatsApp group etc.

Due to COVID-19 pandemic, only online communication is done with students. So, all programs have organized by online mode therefore lack of face-to-face communication was there.
Problems encountered: -

Students and rural community women with a "traditional" mindset find it is difficult to adopt; they need to accept new learning circumstances with an open mind and heart. So, Change the attitude & technology literacy would help them to gain confidence in order to succeed in their courses with a positive vibe. In online mode communication problems are encountered.

Activity report 2022-23
Celebration of Wildlife Week 2022 - Kahoot Quiz

Name of Activity-   Kahoot Quiz

Date and Time of activity conducted- 19-10-2022

Target Group-   B. Sc. I & II Students

Number of participants: 75

Name of Organizer-   Department of Zoology

Resource persons-   Kahoot.com

Detailed Report-

Dept. of Zoology organized a Quiz competition on 'Kahoot Platform' to celebrate **Wildlife week – 2022** on Wednesday, 19 October 2022 at 10.00 am. The students of B. Sc. I & II were registered in the morning. Total **08 Kahoot** were run on **kahoot.com** with the rajan6340@rediffmail.com login & 75 students of B. Sc. I & II with 13 teachers of College took part in this Kahoot quiz. **Each Kahoot of 10 questions for 15 students were played in the first round.** The winners of these 5 kahoot were honoured with a prize. **In the second round 2 kahoot were played for 8 & 7 students respectively and 6 winners were selected. Then in the final round 1 kahoot was played to select 03 final winners. These winners were felicitated by giving a diary and rose flower as a prize by the auspicious hands of Principal Dr. Vijaya Chavan.** All the 11 students of B. Sc. III Zoology worked as volunteers for this function. The function was monitored by Dr. R. H. Atigre, Dr. S. V. Maske and Dr. A. S. Pawar. The participants delighted with great enjoyment and knowledge.
