Examiners:	prof. B.A.Sutar

Objectives

- To develop students' understanding of high-performance computing and its applications.
- To encourage teamwork, research, and creativity among students.
- To provide an opportunity for students to present technical content in a visually appealing format.
- To inspire students to learn about Indian scientists and their contributions to technology.
- To strengthen presentation and communication skills of participants.

The Department of Computer Science of Shri Vijaysinha Yadav College, Pethvadgaon, organized a **Poster Presentation** competition on subject “**Computer Technologies**” The purpose of this activity was to help students learn about new computer ideas in an easy and creative way.

The event began at **11:00 a.m.** in the **Computer Lab**. A total of **40 students**, divided into **20 groups**, actively participated in the competition. Each group prepared and displayed posters illustrating various aspects of “**Computer Technologies**” including their design, evolution, architecture, and uses in scientific research and industries.

The event was judged by **prof. B.A.Sutar** who assessed the posters based on creativity, accuracy, presentation skills, and clarity of concepts. Both examiners appreciated the efforts of the students and provided insightful feedback for further improvement.

Judging Criteria:

- Content.
- Design and layout
- Presentation skills and clarity.
- Overall Impact
- Technical competency
- Ability to answer queries effectively.

Outcome

- Students gained in-depth knowledge about “**Computer Technologies**” in modern computing.
- The event boosted **teamwork, creativity, and communication skills** among participants.
- Students learned to present technical ideas effectively through visual representation.

Conclusion

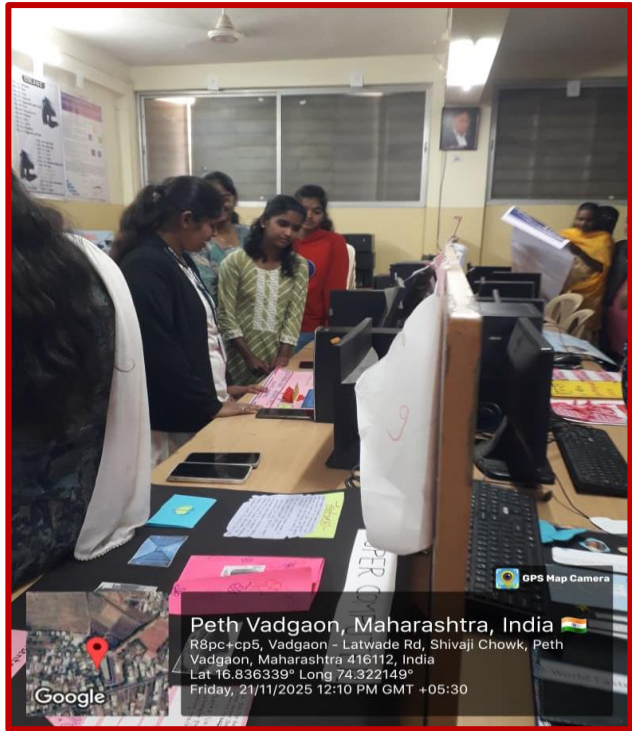

In conclusion, the study of computer technologies helps students understand how modern devices and systems work. It improves our knowledge, skills, and prepares us for a future where technology will play an even bigger role. Learning about these technologies makes us smarter, creative, and ready for new opportunities.
