

Shri Vijaysinha Yadav College, Peth Vadgaon

ICT Committee

ANNUAL REPORT

(Academic Years 2024–25)

1. Introduction

The ICT Committee of Shri Vijaysinha Yadav College, Peth Vadgaon, worked towards effective integration of Information and Communication Technology (ICT) in teaching, learning, administration and overall college development. During the academic years 2023–24 and 2024–25, the committee continued its efforts to enhance ICT facilities, promote digital learning and create ICT awareness among students and faculty. The committee organized various activities, encouraged all departments to conduct ICT-enabled lectures and took several steps for improvement of ICT infrastructure and services.

2. Composition of the Committee

Sr. No.	Name	Designation
1	Mrs. B. A. Sutar	Chairperson
2	Dr. Suryankanth V. Maske	Member
3	Dr. Prashant P. Yadav	Member
4	Dr. Balasaheb. S. Jadhav	Member

3. Major Activities and Achievements

A. ICT Lectures and Activities in All Departments

- All departments conducted ICT-enabled lectures, workshops, demonstrations and training sessions for students and faculty during both academic years.
- Departments incorporated PPT presentations, digital notes, online learning resources, educational videos, e-content and other ICT tools in teaching-learning activities.
- Departments conducted activities related to digital resources, online platforms, research tools, simulation software, data analysis tools and career-oriented ICT applications.
- Students were encouraged to participate in ICT-based activities and use digital resources for academic learning and skill development.
- Departments were encouraged to make study materials and useful learning resources available online wherever possible.

B. Steps Taken by the ICT Committee for Improvement

- Reviewed the existing ICT infrastructure, equipment and facilities and identified areas requiring improvement.
- Ensured regular maintenance and proper functioning of computers, projectors, printers and networking equipment.
- Took steps to improve internet connectivity and Wi-Fi availability across the campus.
- Promoted effective use of ICT tools such as PPTs, digital notes, Google Classroom, e-content and online resources in teaching-learning.
- Encouraged departments to create and share study materials and learning resources through suitable online platforms.

- Encouraged optimum utilization of existing ICT facilities through cost-effective measures rather than unnecessary expenditure.
- Supported the Computer Department in improving practical exposure and ICT skills of students.
- Encouraged faculty members to adopt digital teaching methods and make teaching-learning activities more ICT-oriented.
- Maintained documentation and evidence of ICT-related activities for institutional quality initiatives and NAAC requirements.

5. Overall Outcome

The activities undertaken during the academic years 2024–25 helped to strengthen the use of ICT in teaching-learning across the college. Active participation of all departments increased the use of digital resources, ICT-enabled lectures and online learning practices. The initiatives of the ICT Committee also contributed to better utilization, maintenance and gradual improvement of ICT facilities and to the development of digital awareness and skills among students and faculty.
